## SENDS DETAILS OF SUFFERINGS

Survivor Describes Disaster to German Explorers.

TRAVELS WITH FROZEN FOOT

Dr. Rudiger and Herr Rave Take Shelter in Small Hut Owing to the Former Being Frost Bitten—Provisions Give Out and They Are Forced to Retrace Their Steps to the Ship.

Berlin, May 23.—A description of the terrible sufferings undergone by the members of the German Arctic expedition commanded by Lieutenant Schroeder-Stranz, which met disaster in Spitzbergen, is given in the diary of the artist, Herr Rave, one of those rescued. He telegraphed extracts to Berlin from Advent bay, giving details of the movements of the expedition after its members had abandoned their vessel, the Herzog Ernest, Sept. 21, 1912.

The extracts in some places are incomplete and almost incoherent. They say:

"The proposal to abandon the ship came from Captain Ritschel at the beginning of September. The vessel then had provisions for four months, besides a large supply of condensed foods, and she was otherwise well equipped.

"The party started for Advent bay and reached the hut on Widge bay on Oct. 4. Dr. Rudiger, the oceanographer, was suffering then from a half frozen foot, two of his toes being in bad condition. I offered to remain with him there until the others could bring back help. The hut contained a month's provisions.

Salted Skins for Covers.

"Dr. Rudiger and I were without tools, sleeping bags or lights. I melted some fat and made lights and fashioned some sleeping bags from salted skins which I found in the hut.

"The provisions ran out and we left the hut Nov. 23, hoping to regain the ship. We suffered severely, having nothing to drink, but we finally reached a hut at Mossel bay, where we found some hard and moldy bread.

"We remained there three days, during a storm, and then started again for the ship, guiding ourselves by the stars. We arrived at the ship on Dec. 1.

"Dr. Rudiger meanwhile had suffered greatly, two more of his toes and four fingers having been frozen, while his foot became so bad that it had to be amputated.

"The guides and sailors of the expedition returned unexpectedly to the ship Dec. 24, reporting the loss of Ehrhart. They had no news of Dr. Detmers or Dr. Mooser, the botanist. They said Captain Ritschel had gone on alone to Advent bay.

"Stave died Feb. 24 and the Norwegian relief expedition, commanded by Captain Stazrud, appeared April 21."

The expedition started last summer under the patronage of the Duke of Altorburg, with the object of finding the Northeast passage.

## GREEKS AND BULGARS FIGHT

Sanguinary Conflict Rages All Day Near Saloniki.

London, May 23.—Dispatches from Saloniki and Athens report another serious conflict between the Bulgarians and Greeks. The recent fighting led to the establishment of a neutral zone near Saloniki, but on May 20 a strong Bulgarian force with artillery violated the zone and were hotly opposed by the Greeks.

The result of the engagement has not been disclosed.

The Times' Saloniki correspondent says that the fighting between the Bulgarians and Greeks continued the whole day. Artillery was freely used to cover the infantry attack.

## CLOSES UP SEVEN RIVALS

Company Operates Only Two of Nine Concerns It Absorbed.

Boston, May 23.—Seven of the nine companies which were taken over by the United Shoe Machinery company during the first year of its existence have ceased to do business, according to evidence presented by the government in the proceedings before the United States court for the dissolution of the company.

While some of these were competing companies it appeared from the evidence that others were engaged in lines entirely different from those followed by the United Shoe Machinery company.

Secretary Harold G. Donham of the company was on the witness stand.

## ITALIAN DEFEAT IN TRIPOLI

Ganbratti Force Suffers Reverse in Battle With Arabs.

Benhalz, Tripoli, May 23.—That the Italian troops under General Ganbratti have suffered a reverse became known in dispatches announcing that they were forced to retire after the battle with the Arabs on May 16 at Sidi Garba, near Derna.

The casualties sustained by the Arabs are said to have numbered 500, while the Italians lost a large number of men and officers wounded.

## BILL WILL MEET WILSON'S IDEAS

House Democrats to Prepare Currency Measure.

NAMES HANDED TO PRESIDENT

Tentative List of Members Who Have Been Chosen for Service on the New Banking and Currency Committee Given to Chief Executive for His Inspection.

Washington, May 23.—President Wilson's wishes will be regarded in every particular in the framing of the banking and currency revision bill to be presented in the house early in June.

The measure, as it will be introduced, will have the approval of the administration and, according to present plans, it will be written under the direction of the president and his advisers.

It became known that the house leaders have submitted to the president a tentative list of the Democrats who have been selected for service on the new banking and currency committee.

If the president objects to any member he will not be assigned to the committee.

Whether President Wilson has vetoed the selection of any name on the tentative committee that has been presented to him is not known.

Conservatives Are Preferred.

The disposition in administration circles and among house leaders is to select for the committee members who are recognized as conservative and who may be depended upon to frame a conservative bill at the instance of the administration.

Theoretically the committee will draft the bill, but actually it will be framed within the administration.

The senate agreed to a resolution authorizing the banking and currency committee to hold hearings on proposed currency legislation after several Republicans had voiced an opposition to the passage at this session of any measure making sweeping changes in the nation's financial system.

Senator Nelson, a member of the committee, said he was ready to go ahead with an investigation of currency subjects and with legislation.

## POPE HEADS MANUFACTURERS

Telegram to Headquarters Announces Election of Officers.

New York, May 23.—A telegram was received at the offices of the National Association of Manufacturers announcing that the following officers had been elected by directors of the association on route to Battle Creek, Mich., after the annual meeting in Detroit.

President—George Pope, Hartford, Conn.

General Manager—J. Phillip Bird, New York.

Secretary—George S. Boudinot, New York.

## CHARGE BLOCK IS BANKRUPT

Creditors of Former State Treasurer File Petition in Duluth.

Duluth, May 23.—A petition to have Julius H. Block, former state treasurer and at one time sheriff of Nicollet county, adjudged a bankrupt was filed in district court by C. C. Madison of Independence, Mo.; D. K. Hutchcraft of Iron Mountain, Minn., and W. E. Judson, Duluth. They say that because security they have been given on notes aggregating \$1,000 has been turned over to a St. Paul firm not named in the petition the notes have been made insecure.

## COUGHS, FALLS AND DROWNS

Manufacturer Carried Life Insurance of \$500,000.

Jacksonville, Fla., May 23.—E. O. P. Minter, a wealthy fertilizer manufacturer and fruit grower, taken with a fit of coughing, while crossing St. Johns river on a ferry, fell overboard and was drowned. He was said to have carried life insurance totaling \$500,000 and to have applied for an additional policy of \$50,000.

## MARINE CRASH KILLS WOMAN

Steamer Avalon Strikes Schooner at Baltimore.

Baltimore, May 23.—One woman was killed and the lives of other persons on board a small schooner were imperiled when the steamer Avalon crashed into the sailing vessel in the harbor here. Tugs and launches rushed to the rescue and it is believed all others on board were saved.

The woman who was killed was struck by a falling mast and several others were injured in the same manner.

SAMUEL S. FELKER.  
New Hampshire Governor  
Closes State Legislature.

## GOVERNOR ENDS LEGISLATURE

Final Session in New Hampshire Lasts Twenty-six Hours.

Concord N. H., May 23.—After a final session of twenty-six hours, broken only by occasional recesses, the legislature was prorogued by Governor Felker.

Inability to obtain a quorum of Democrats to pass a bill establishing new senatorial districts accounted for the prolonged session. The quorum was obtained and the measure was adopted.

It was the first Democratic legislature in New Hampshire in fifty years. It was in session 142 days.

## PAYS NO ATTENTION TO WOMEN EMPLOYES

Manager of St. Louis Philanthropic Club Testifies.

St. Louis, May 23.—Floyd J. Sloan, manager of the City club, a philanthropic organization of a thousand St. Louis business and professional men, told the Missouri senate investigating committee that the club, organized for the general betterment of mankind, never considers the welfare of its women employees.

The wage inquiry covered a wide field. Employees in box and candy factories and in department stores were called to testify.

After hearing the testimony of Mr. Sloan as to the indifference of the City club to its women employees Senator Wilson asked:

"Don't you think it would be well for your club to invite some one to address it on the subject of women's wages?"

"That subject never has been broached to the board of managers," was the reply.

"I suggest," said Senator Wilson, "that you broach the subject to me." A girl sixteen years old, who works at a 5 and 10 cent store, testified that she pays \$1.20 a week car fare. Her wage is \$5 a week. She said that the salesgirls employed at the store received from \$4 to \$6 a week.

## DEMOCRATS GET LOTS OF ADVICE

In Letters and Speeches They Are Admonished.

EVERYBODY GIVES COUNSEL

Expressions of Good Intentions Probably Will Keep Coming Until Tariff Bill is Disposed Of—Republicans Will Not Filibuster, but Intend to Discuss Each Paragraph in Detail.

By ARTHUR W. DUNN.

Washington, May 23.—[Special.]—The Democratic party is receiving a lot of advice these days. Not only President Wilson, members of his cabinet, senators and representatives, individually, but the party, collectively, is being told what to do in letters, circulars and speeches. Notably has this been done in speeches in the house and up to the present time in speeches in the senate. And what is also a fact more advice in speeches in the senate may be expected before the tariff bill passes.

With the utmost concern those elder statesmen on the Republican side and some who have only been in the senate a short time, advise the Democrats as to procedure and as to what final action should be if the party desires to retain the good will of the people.

Promise More Advice.

Now, the Republicans are not going to filibuster on the tariff—they have so asserted—but they are going to discuss each paragraph and tell what will happen to the Democrats if they do not restore the Payne rates or at least make the reduction much less than in the Underwood bill.

If the Democrats were going straight along to destruction it would seem to be party wisdom by the Republicans to let them do so, but that is not politics—not the way politics is played in Washington.

Long Session Predicted.

Even without hearings on the tariff bill in committee there is a prospect for a long session of the senate. I hear men talk about September and October as months which may come and go before the session ends. If the Republican determination to debate every item at length is carried out the guesses may be right.

The Democrats have not a majority which can force things. If free sugar and free wool are held in the bill the margin is very narrow. And a narrow margin cannot force long sessions and maintain a quorum all the time.

New Senators Restive.

New senators are restive under the possible protracted debates. They are looking for methods to maintain a quorum and to count quorums of senators who announce pairs and do not vote. That is an idea of John Sharp Williams, whose house experience has convinced him that when a man is present and his name is recorded as present for the purpose of announcing his pair he ought to figure in a quorum. There will be talk of changing the rules, but the senate will move very slowly in that direction.

Other Legislation.

While it seems certain that there will be a move in the direction of currency legislation, it is the intention of the leaders to prevent any other matters of importance coming up. In the senate, however, the committees are reporting bills from time to time, many important measures, and no doubt efforts will be made to have them considered.

Again, no one controls the senate, while the house—direct from the people—is controlled by a very few men. Three or four men in the house can decide what shall be considered and can shut out what they do not want brought forward.

Object to Seven Years.

Chairman Hay of the military committee says there will be no legislation looking toward short term enlistments at this session to meet the complaint that the army cannot recruit a sufficient number of men to meet the requirements of the service.

"I would be in favor of cutting off the provision for a three year service as reserves," he said. "That is what prevents enlistments. The term is now for four years with the colors and three years as reserves. Men object to tying themselves up for seven years although they might enlist for four years. That is the navy and marine corps period."

How He Felt.

A few days after the tariff bill had passed the house Chairman Underwood remarked that he felt like a boy who had been in a long fight and had been beaten up a great deal.

"I am tired and sore with the long contest," he said, "and would not want to go through another." The house was in session from 11 o'clock in the morning till 11 o'clock each night and Underwood was on the job most of the time.

"Picking at Items."

Champ Clark did not think very much of the tariff debate in the house. "It was mostly picking at items," said the speaker, "not really such tariff arguments as we had four years ago." It should also be remembered that there was less opportunity to amend the bill on account of the large Democratic majority.

Swarms of Bees.

A swarm of bees contains from 10,000 to 20,000 in a natural state; in a hive, from 30,000 to 40,000 bees.

SAMUEL GOMPERS.  
Will Appeal His Case to the Supreme Court.

## GOMPERS SECURES A STAY

Supreme Court to Pass on Sentence to Prison for Contempt.

Washington, May 23.—The mandate of the District court of appeals that Samuel Gompers should be imprisoned for thirty days and that John Mitchell and Frank Morrison should be fined \$500 each for their contempt of court in the noted Buck stove and range case has been stayed to permit attorneys for the labor leaders to appeal to the supreme court.

## PITMAN SUPPLIED DYNAMITE TO PLANT

Quarry Owner Testifies in Trial at Boston.

Boston, May 23.—Ernest W. Pitman supplied the dynamite that was "planted" in Lawrence during the textile strike, according to evidence introduced by the state.

The suicide of Pitman the morning that he was to have appeared as a witness before the grand jury investigating the alleged conspiracy to discredit the strikers created a sensation at the time. As a building contractor he erected the Wood mill at Lawrence, owned by the American Woolen company, of which William M. Wood is president. Rumors that he had knowledge of the dynamite plot were met with assertions by his intimates that Pitman had been driven to take his life by business worries.

When John J. Breen, who has confessed to actually "planting" the dynamite, had concluded his testimony at the trial of William M. Wood, Frederick E. Atteaux and Dennis J. Collins, the alleged conspirators, the prosecution called William H. Rice, a quarry owner of Milton.

Rice testified that Pitman asked for a quantity of dynamite for a construction job, that he got it from his quarry and accompanied Pitman to Boston, where he saw Pitman deliver it to Breen.

## TRAINMEN OFFICERS REPORT

Nearly \$5,000,000 in Death and Disability Claims Paid.

San Francisco, May 23.—The entire session of the biennial convention of the Brotherhood of Railway Trainmen was devoted to the reading of reports and the approval of the financial condition of the organization.

The report of the general secretary and treasurer showed that more than \$8,000,000 had been expended by the brotherhood in the last two years. In death and disability claims during 1911 and 1912 nearly \$5,000,000 was expended.

## GROCERS ELECT OFFICERS

Milwaukee Man Succeeds John W. Lux of St. Paul as President.

St. Louis, May 23.—Henry W. Schwab of Milwaukee was elected president of the National Association of Retail Grocers to succeed John W. Lux of St. Paul. Others officers chosen were: Vice president, F. B. Connolly, San Francisco; treasurer, George B. Suhr, New York; secretary, John A. Green, Cleveland; trustee, W. A. Ashlilles, Austin, Tex.

Louisville won the fight for the next meeting place.

## RECREATION HOUR IN PRISON

Joliet Warden Believes It Will Decrease High Death Rate.

Joliet, Ill., May 23.—Warden Edmund Allen has introduced an innovation in the handling of convicts in the penitentiary here by instituting a daily hour of recreation for all prisoners. Groups of about sixty men will be allowed the courtyard at a time. This is done in the belief that the light and air will decrease the present high death rate from consumption.

## URGE HOUSE AND SENATE CAUCUS

WILL EVADE DIRECT VOTE

How Congress Will Defeat Suffrage Amendment.

Washington, May 23.—The first vote in the house of representatives on the proposed amendment to the Constitution in behalf of equal suffrage will not show the real opposition in congress to votes for women, according to Representative Bowdye of Ohio.

"Instead of meeting the issue fairly and squarely," says Mr. Bowdye, "a number of members who are unalterably opposed to votes for women will evade the question by voting to have equal suffrage made a local issue to be settled by the voters of each state. This expedient will enable members of congress to defeat the proposed amendment, yet avoid going on record against the suffrage question."

Falls Eighteen Floors.

Chicago, May 23.—Losing his footing while placing a stone on the eighteenth floor of a downtown office building James Hamilton, a workman, pitched headlong over the edge and, in view of hundreds of people who were passing, was dashed to death. The body struck the sidewalk within a few feet of passersby.

## BEAR KILLS AND EATS GIRL

Part of Body of Missing California Young Woman Found.

Truckee, Cal., May 23.—After a week's search the body of Miss Winnie Coit, a girl of eighteen, was found in a ravine in the Sierra Nevada, twenty miles from Truckee. She had been killed and partly devoured by a bear.

Erie Prepares for Strike.

New York, May 23.—The Erie railroad is preparing for a strike of some of its telegraph operators and has obtained between 300 and 350 hundred men to fill the expected vacancies.

## CUTS COST OF LIVING.

St. Joseph, Mo., May 23.—With the intention of reducing the cost of living here this city leased a municipal market house, recently erected at a cost of \$75,000, to Hugh J. Bowen, a local resident, who is to pay \$1 for eleven months' tenancy of the building. In consideration for the small rental Bowen agreed to reduce the cost of foodstuffs, especially produce, to the people of St. Joseph.

Leaders Would Reorganize Republican Committee.

FAVOR IMMEDIATE ACTION

Several Senators Anxious to Place the Congressional Campaign Committee in Working Order to Seek Reclamation of Republican Power in Congress at the Election Next Year.

Washington, May 23.—With Republican senators urging a joint senate and house caucus for immediate reorganization of the congressional campaign committee to seek the reclamation of Republican power in congress next year; with progressive Republicans conferring on plans of reconciliation of the divided party and members of the national executive committee assembling for a meeting here Saturday Washington became a beehive of Republican activity.

Most significant of recent party developments was the conference of Republican and progressive Republican senators to institute reorganization of the congressional campaign committee, which house leaders futilely have attempted for several weeks.

Representative Gardner of Massachusetts recently announced his candidacy for the chairmanship on a liberal policy and an attempt of his champions to hold a caucus failed to bring out a quorum. Since then nothing has been done and the senators hope to bring about definite action.

Want Convention This Fall.

The conciliators appointed as a result of the Chicago progressive Republican conference a few weeks ago will outline to the executive committee the desires of the progressive Republicans for a party convention this fall to reorganize the party.

In line with these ideas Senator Sherman of Illinois introduced in the senate a bill which would provide that delegates to national conventions of all political parties be elected at primaries.

Under its terms the delegates would be chosen according to the vote cast at the preceding election for candidates of the respective parties and state primary laws would govern.

The progressive wing of the party favors a convention for rearrangement of the apportionment, to strengthen the apportionment among Republican states. A proposition is urged to either arbitrarily increase the representation in the Northern or reduce the representation in the Southern states.

**MODEL LAUNDRY****STRENUOUS LOVEMAKING.**

Duke William Tamed Matilda, and  
Got Square on Brihtric.

A modern lover who reported to  
brute force to win his lady would soon  
find himself in the street, if not in the  
police station. But fashions in pro-  
posals have changed in a thousand  
years, and when William the Conqueror  
set out to make Matilda, daughter of  
the Count of Flanders, the happiest  
of maidens he adopted measures that  
were forcible, to say the least. The  
New York Sun tells the story of his  
tempestuous wooing:

The suitor Matilda had she did not  
want, and the man she wished to woo  
her she could not get. The man she  
did not want happened to be William,  
duke of Normandy, and he decided to  
go to Bruges and conquer Matilda.

There were no national roads through  
France in those days, and William  
doubtless had a hard trip. Perhaps  
Matilda noticed the mud on his clothes  
when she came out of church and  
found him waiting for her.

At any rate, William descended from  
his horse, and taking Matilda firmly  
by the back of the neck, rolled her  
over and over in the mire of Bruges,  
planting well directed blows upon her  
royal face and body with his other  
hand. Life was elemental a thousand  
years ago.

This strenuous lovemaking somehow  
appealed to Matilda. Perhaps it was  
what she would have liked to do to  
Brihtric, the gentleman she could not  
get, who was only the English am-  
bassador at her father's court and not  
at all a proper person to be snubbing a  
princess. So Matilda sent word to  
her father that, "sick in health and  
dolorous in body," she had firmly re-  
solved to marry no man but Duke  
William.

Later, after William had conquered  
England, he offered his queen the  
estates of any English nobleman she  
might name. Matilda did not have to  
think twice. She not only chose Brih-  
tric's estates, but she put him in prison  
and kept him there all the rest of his  
life—an excellent argument for the  
wise custom of restricting woman's  
choice to one year in four.

# COMPLETING PLANS FOR THE FOURTH

Executive Committee Had an Enthusiastic and Well Attended Meeting Thursday Evening

## FIREWORKS TO BE ORDERED

Parade at 9 A. M., Followed by Speaking, Day Fireworks, Sports, Ball Game, Fireworks

The executive committee having in charge the arrangements for the Fourth of July celebration in Brainerd met at eight o'clock Thursday evening at the water and light board offices. There were present C. O. Sundberg, N. J. Kauffman, J. M. Taylor, B. C. McNamara, John Anderson, G. J. Brown, Wm. Nelson, F. H. Grant, J. S. Robertson and T. H. Conside.

The minutes were read and approved as read. The following amounts were reported by the different committees as needed in order to make the celebration a success:

Printing	30.00
Day fireworks	100.00
Night fireworks	550.00
Band 24 pieces	130.00
Sports	150.00
Parade prizes	15.00
Street decorations	15.00
Miscellaneous	25.00
Total	\$1,015.00

The day and night fireworks are to be bought from the Paine Fireworks Co., according to programs submitted.

The committee on music reported that the Brainerd City band could be engaged at \$5 per man and double pay for the manager and leader and that a free concert would be given on the Fourth at any place designated by the committee.

On motion it was decided to engage the band of 24 pieces.

The sports committee made a report and suggested the following events: C. A. Wood open air performance, greased pig race, quarter mile free for all race, three legged race, 100 yard dash, running high jump, pole vault, tug of war—married vs single men, threading needle race, boys' race, 12 to 15, 50 yards, girls race the same, potato race for boys, running broad jump. The program was accepted and the committee was authorized to allow \$150 for prizes.

The Modern Woodmen of America donated \$5 and the Brotherhood of American Yeomen contributed \$10, which were received and turned over to the treasurer.

The program for the day has been outlined as follows:

Parade at 9 A. M. from Kindred street.

Speaking after the parade, on Front street.

Day fireworks on Front street.

Ball game at 3:30 at ball park.

Fireworks at 8:30 P. M., ball park.

On motion, the secretary was instructed to write the following corporations for donations, the Northern Pacific railway, the Minnesota & International railway and the Parker & Topping foundry company.

The matter of proper badges for the different committees was left with the poster committee.

The next meeting of the executive committee will be held Sunday afternoon, May 25 at one o'clock at the water and light board offices.

In the end you will come to Hindip Tablets. Why not take them at first. They cure all kidney ailments. Sold at Johnson's pharmacy.—Adv.

## CROSBY HERE SUNDAY

Range Town, With New Line up, Will Play Game of Baseball With Brainerd Sunday

Crosby has begged so persistently for a return game that Brainerd has complied with the request and the game will take place Sunday afternoon at the Koering grounds.

Since Crosby's recent victory over a Cuyuna-Brainerd, etc., nine, the score being 9 to 0, the range town has grown so chesty as to imagine it can wipe the regular Brainerd team off the baseball map.

A new pitcher, Siebenthal, mining engineer at the Thompson Inland Steel Co. mine, has been carefully groomed for the event. A catcher has been secured, it is said, from the Wisconsin State league. The infield and the outer garden have been strengthened. There has been continual batting and fielding practice and Crosby will put up the game of its career next Sunday. Citizens of Crosby are donating money to support the team and at a recent benefit performance at the Empress theatre there, the money rolled in so heavy that Ray Warren had to hire a dray to haul it away and save the foundation of the box office from caving in. Should Crosby win, a safety valve will have to be attached to their bump of egotism to prevent a premature explosion.

## BACCALAUREATE SERVICES SUNDAY

Graduates of the Brainerd High School to Attend the First Congregational Church

## ON SUNDAY EVENING, MAY 25

Special Music to be Rendered by Sextette and by the High School Double Quartet

The baccalaureate services of the Brainerd high school graduating class of approximately fifty will be held at the First Congregational church on Sunday evening, May 25. G. P. Sheridan, the pastor, will take as his theme, "An Interview With Life."

The class of 1913 has the distinction of being the largest class of graduates in the history of the school. Every effort is being made to make these services of great inspiration.

The music for the services includes the anthem, "Exalt His Name" by E. K. Heyser; response, vesper, gloria and hymns by the sextette, Mrs. G. D. LaBar, Mrs. J. M. Elder, Mrs. C. A. Allbright, Mrs. C. W. Hoffmann, John Bye and R. Crust.

The anthem, "Build Thee More Stately Mansions" and "Largo Arranged From Handel" will be sung by the high school double quartet, Miss Eliza Armstrong carrying the solo.

The services commence at eight o'clock. The graduates will have seats reserved for them, the chapel being opened to accommodate the congregation.

## BARNUM & BAILEY CIRCUS IS COMING

N. J. Petit, Advance Agent, Makes Arrangements for Appearance of the Big Show

## TO BE HERE FRIDAY, JULY 25TH

Eighty Car Circus—One Performance in Afternoon on O'Brien Forty East of City

The Barnum & Bailey circus, the biggest in the United States and using 80 cars to transport the show, will make Brainerd on Friday, July 25 and expects to show on the forty acre tract of land of Con O'Brien situated east of the city and near the Dodd farm.

N. J. Petit, the advance agent of the show, was in the city yesterday completing arrangements for the appearance of the big circus, paying the license fee of \$50. He said but one performance would be given and that to be in the afternoon.

There will be the big parade which will in itself be an entire show. It has been almost a quarter of a century since Barnum & Bailey showed here. There is no need to state that the entire county of Crow Wing and people from many adjoining counties will walk, ride or drive for Brainerd on July 25.

## DIED IN CANADA

Mrs. Fred Kerr, Old Resident of Brainerd, Passed Away at the Age of 69 Years

Mrs. Fred Kerr, aged 69, for many years a resident of Brainerd, passed away Tuesday at her home in Canuck, Saskatchewan, Canada, death resulting from strangulated hernia. The remains arrived in Brainerd on the noon train and were accompanied by her husband.

She is survived by her husband and six children, these being Mrs. Seymour Clark of Chase, B. C.; Paul W. Gardner of Eugene, Ore.; Mrs. Chas. Ott and Mrs. W. L. Jack of Crow Wing; Mrs. John Larson of Libby, Mont.; George Kerr of Canuck, Canada.

Mrs. Kerr had lived in Brainerd thirty years. She left last spring with her husband and family for Canada where they took up a homestead.

The funeral will be held Saturday afternoon at 2:30 from the Presbyterian church, the Rev. W. J. Lowrie officiating.

## PRES. PENNINGTON VISITS THE RANGE

Head of the Soo Line Inspects Mines Whose Ore the Railway is Now Hauling to Docks

## KEATING ADDITION ON MARKET

O. W. Johnson, Soo Ore Traffic Manager, Speaks of Shipments Made

Crosby, Minn., May 22—President Pennington, of the Soo Line, visited Crosby and the mines on Wednesday morning and remained on the range until the afternoon, when his special went on to Thief River Falls. In company with George H. Crosby, President Pennington visited the Pennington pit mine where remarkable progress is being made with the steam shovels and the ore has almost been reached.

O. W. Johnson, Soo ore traffic manager, was on the range Wednesday and in an interview at Deerwood Mr. Johnson stated the Soo was now handling 2,000 tons a day hoisted by the Rogers, Brown Ore Co. properties. Steam shovels would soon be at work burrowing into the stock piles. Mr. Johnson has charge of ore shipments on the Cuyuna and the Gogebic range of Michigan.

The Keating Land company has placed on the market its new addition of eighty acres with Charles S. Roulo as sales agent. The addition contains land particularly adapted for building sites of any character and the subdivision will serve as a connecting link between Crosby and Ironton. Nearly all the lots have a forty foot frontage and are 125 feet deep. There is good drainage. The first day of the sale witnessed many lots sold.

Crosby is practicing day and night for the coming game with Brainerd on June 22. They have selected as a pitcher, it is said, a former league man and he is being treated as tenderly and groomed as carefully as a race horse for the Derby.

The country place of George H. Crosby has been much improved through the efforts of the superintendent of his grounds, W. G. Anderson. He has leveled off the ground near the flag staff and produced a gently sloping lawn. Out in the fields twenty-two acres will be set out in Burbank potatoes. Mr. Crosby has generously offered potatoes for seed to all who may wish to plant them in the town and by so doing will cut down the high cost of living and will eliminate waste land of vacant lots.

## SOFT DRINKS FOR DIPLOMATS

Unfermented Beverages the Rule at Washington of Late.

William J. Bryan, secretary of state, is adhering to his lifelong role of taboos all strong drinks. He gave a dinner to the diplomatic corps at Washington recently and served unfermented juices instead of wines. The red color was in the glass, but the alcohol was not there.

The diplomats tasted and then looked amazed.

Mr. Bryan has always been a temperate and a temperance man. He does not drink intoxicating liquors and does not believe in serving them to others.

Unfermented juices and beverages are the rule in the Democratic administration. At the dinner given by Representative Robert N. Page of North Carolina to Walter H. Page, ambassador to England, a nonalcoholic punch which Mrs. Robert N. Page recommended was served instead of wine.

Other dinners given by cabinet members have been served without champagne or other wines.

Leprosy.  
Sir George Turner is reported to have said that, though leprosy is usually spread by contagion, most lepers are not nearly so dangerous to the public as a person suffering from consumption.

SENDS DETAILS  
OF SUFFERINGSSurvivor Describes Disaster to  
German Explorers.

TRAVELS WITH FROZEN FOOT

Dr. Rudiger and Herr Rave Take Shelter in Small Hut Owing to the Former Being Frost Bitten—Provisions Give Out and They Are Forced to Retrace Their Steps to the Ship.

Berlin, May 23.—A description of the terrible sufferings undergone by the members of the German Arctic expedition commanded by Lieutenant Schroeder-Stranz, which met disaster in Spitzbergen, is given in the diary of the artist, Herr Rave, one of those rescued. He telegraphed extracts to Berlin from Advent bay, giving details of the movements of the expedition after its members had abandoned their vessel, the Herzog Ernst, Sept. 21, 1912.

The extracts in some places are incomplete and almost incoherent. They say:

"The proposal to abandon the ship came from Captain Ritschel at the beginning of September. The vessel then had provisions for four months, besides a large supply of condensed foods, and she was otherwise well equipped.

"The party started for Advent bay and reached the hut on Widge bay on Oct. 4. Dr. Rudiger, the oceanographer, was suffering then from a half frozen foot, two of his toes being in bad condition. I offered to remain with him there until the others could bring back help. The hut contained a month's provisions.

## Salted Skins for Covers.

"Dr. Rudiger and I were without tools, sleeping bags or lights. I melted some fat and made lights and fashioned some sleeping bags from salted skins which I found in the hut.

"The provisions ran out and we left the hut Nov. 23, hoping to regain the ship. We suffered severely, having nothing to drink, but we finally reached a hut at Mossel bay, where we found some hard and moldy bread. We remained there three days, during a storm, and then started again for the ship, guiding ourselves by the stars. We arrived at the ship on Dec. 1.

"Dr. Rudiger meanwhile had suffered greatly, two more of his toes and four fingers having been frozen, while his foot became so bad that it had to be amputated.

"The guides and sailors of the expedition returned unexpectedly to the ship Dec. 24, reporting the loss of Eberhart. They had no news of Dr. Dettmers or Dr. Mooser, the botanist. They said Captain Ritschel had gone on alone to Advent bay.

"Stave died Feb. 24 and the Norwegian relief expedition, commanded by Captain Staxrud, appeared April 21."

The expedition started last summer under the patronage of the Duke of Altorburg, with the object of finding the Northeast passage.

## GREEKS AND BULGARS FIGHT

Sanguinary Conflict Rages All Day  
Near Saloniki.

London, May 23.—Dispatches from Saloniki and Athens report another serious conflict between the Bulgarians and Greeks. The recent fighting led to the establishment of a neutral zone near Saloniki, but on May 20 a strong Bulgarian force with artillery violated the zone and were hotly opposed by the Greeks.

The result of the engagement has not been disclosed.

The Times' Saloniki correspondent says that the fighting between the Bulgarians and Greeks continued the whole day. Artillery was freely used to cover the infantry attack.

## CLOSES UP SEVEN RIVALS

Company Operates Only Two of Nine  
Concerns It Absorbed.

Boston, May 23.—Seven of the nine companies which were taken over by the United Shoe Machinery company during the first year of its existence have ceased to do business, according to evidence presented by the government in the proceedings before the United States court for the dissolution of the company.

While some of these were competing companies it appeared from the evidence that others were engaged in lines entirely different from those followed by the United Shoe Machinery company.

Secretary Harold G. Donham of the company was on the witness stand.

## ITALIAN DEFEAT IN TRIPOLI

Ganbratti Force Suffers Reverse in  
Battle With Arabs.

Benzal, Tripoli, May 23.—That the Italian troops under General Ganbratti have suffered a reverse became known in dispatches announcing that they were forced to retire after the battle with the Arabs on May 16 at Sidi Garba, near Derna.

The casualties sustained by the Arabs are said to have numbered 500, while the Italians lost a large number of men and officers wounded.

BILL WILL MEET  
WILSON'S IDEASHouse Democrats to Prepare  
Currency Measure.

NAMES HANDS TO PRESIDENT

Tentative List of Members Who Have Been Chosen for Service on the New Banking and Currency Committee Given to Chief Executive for His Inspection.

Washington, May 23.—President Wilson's wishes will be regarded in every particular in the framing of the banking and currency revision bill to be presented in the house early in June.

The measure, as it will be introduced, will have the approval of the administration and, according to present plans, it will be written under the direction of the president and his advisers.

It became known that the house leaders have submitted to the president a tentative list of the Democrats who have been selected for service on the new banking and currency committee.

If the president objects to any member he will not be assigned to the committee.

Whether President Wilson has vetoed the selection of any name on the tentative committee that has been presented to him is not known.

## Conservatives Are Preferred.

The disposition in administration circles and among house leaders is to select for the committee members who are recognized as conservative and who may be depended upon to frame a conservative bill at the instance of the administration.

Theoretically the committee will draft the bill, but actually it will be framed within the administration.

The senate agreed to a resolution authorizing the banking and currency committee to hold hearings on proposed currency legislation after several Republicans had voiced an opposition to the passage at this session of any measure making sweeping changes in the nation's financial system.

Senator Nelson, a member of the committee, said he was ready to go ahead with an investigation of currency subjects and with legislation.

## POPE HEADS MANUFACTURERS

Telegram to Headquarters Announces  
Election of Officers.

New York, May 23.—A telegram was received at the offices of the National Association of Manufacturers announcing that the following officers had been elected by directors of the association on route to Battle Creek, Mich., after the annual meeting in Detroit:

President—George Pope, Hartford, Conn.

General Manager—J. Phillip Bird, New York.

Secretary—George S. Boudinot, New York.

## CHARGE BLOCK IS BANKRUPT

Creditors of Former State Treasurer  
File Petition in Duluth.

Duluth, May 23.—A petition to have Julius H. Block, former state treasurer and at one time sheriff of Nicolet county, adjudged a bankrupt was filed in district court by C. C. Madison of Independence, Mo.; D. K. Hutchcraft of Iron Mountain, Minn., and W. E. Judson, Duluth. They say that because security they have been given on notes aggregating \$1,000 has been turned over to a St. Paul firm not named in the petition the notes have been made insecure.

## COUGHS, FALLS AND DROWNS

Manufacturer Carried Life Insurance  
of \$500,000.

Jacksonville, Fla., May 23.—E. O. P. Minter, a wealthy fertilizer manufacturer and fruit grower, taken with a fit of coughing, while crossing St. Johns river on a ferry, fell overboard and was drowned. He was said to have carried life insurance totaling \$500,000 and to have applied for an additional policy of \$50,000.

## MARINE CRASH KILLS WOMAN

Steamer Avalon Strikes Schooner at  
Baltimore.

Baltimore, May 23.—One woman was killed and the lives of other persons on board a small schooner were imperiled when the steamer Avalon crashed into the sailing vessel in the harbor here. Tugs and launches rushed to the rescue and it is believed all others on board were saved.

The woman who was killed was struck by a falling mast and several others were injured in the same manner.

## SAMUEL S. FELKER.

New Hampshire Governor  
Closes State Legislature.

## GOVERNOR ENDS LEGISLATURE

Final Session in New Hampshire  
Lasts Twenty-six Hours.

Concord, N. H., May 23.—After a final session of twenty-six hours, broken only by occasional recesses, the legislature was prorogued by Governor Felker.

Inability to obtain a quorum of Democrats to pass a bill establishing new senatorial districts accounted for the prolonged session. The quorum was obtained and the measure was adopted.

It was the first Democratic legislature in New Hampshire in fifty years. It was in session 142 days.

PAYS NO ATTENTION  
TO WOMEN EMPLOYESManager of St. Louis Philanthropic  
Club Testifies.

St. Louis, May 23.—Floyd J. Sloan, manager of the City club, a philanthropic organization of a thousand St. Louis business and professional men, told the Missouri senate wage investigating committee that the club, organized for the general betterment of mankind, never considers the welfare of its women employees.

The wage inquiry covered a wide field. Employees in box and candy factories and in department stores were called to testify.

After hearing the testimony of Mr. Sloan as to the indifference of the City club to its women employees Senator Wilson asked:

"Don't you think it would be well for your club to invite some one to address it on the subject of women's wages?"

"That subject never has been broached to the board of managers," was the reply.

"I suggest," said Senator Wilson, "that you broach the subject to them." A girl sixteen years old, who works at a 5 and 10 cent store, testified that she pays \$1.20 a week car fare. Her wage is \$5 a week. She said that the salesgirls employed at the store received from \$4 to \$6 a week.

By ARTHUR W. DUNN.

Washington, May 23.—[Special.]—The Democratic party is receiving a lot of advice these days. Not only President Wilson, members of his cabinet, senators and representatives, individually, but the party, collectively, is being told what to do in letters, circulars and speeches. Notably has this been done in speeches in the house and up to the present time in speeches in the senate. And what is also a fact more advice in speeches in the senate may be expected before the tariff bill passes.

With the utmost concern those elder statesmen on the Republican side and some who have only been in the senate a short time, advise the Democrats as to procedure and as to what final action should be if the party decides to retain the good will of the people.

## Promise More Advice.

Now, the Republicans are not going to filibuster on the tariff—they have so asserted—but they are going to discuss each paragraph and tell what will happen to the Democrats if they do not restore the Payne rates or at least make the reduction much less than in the Underwood bill.

If the Democrats were going straight along to destruction it would seem to be party wisdom by the Republicans to let them do so, but that is not politics—not the way politics is played in Washington.

## Long Session Predicted.

Even without hearings on the tariff bill in committee there is a prospect for a long session of the senate. I hear men talk about September and October as months which may come and go before the session ends. If the Republican determination to debate every item at length is carried out the guesses may be right.

The Democrats have not a majority which can force things. If free sugar and free wool are held in the bill the margin is very narrow. And a narrow margin cannot force long sessions and maintain a quorum all the time.

## New Senators Restive.

New senators are restive under the possible protracted debates. They are looking for methods to maintain a quorum and to count quorums of senators who announce pairs and do not vote. That is an idea of John Sharp Williams, whose house experience has convinced him that when a man is present and his name is recorded as present for the purpose of announcing his pair he ought to figure in a quorum. There will be talk of changing the rules, but the senate will move very slowly in that direction.

## Other Legislation.

While it seems certain that there will be a move in the direction of currency legislation, it is the intention of the leaders to prevent any other matters of importance coming up. In the senate, however, the committees are reporting bills from time to time, many important measures, and no doubt efforts will be made to have them considered.

Again, no one controls the senate, while the house—direct from the people—is controlled by a very few men. Three or four men in the house can decide what shall be considered and can shut out what they do not want brought forward.

## Object to Seven Years.

Chairman Hay of the military committee says there will be no legislation looking toward short term enlistments at this session to meet the complaint that the army cannot recruit a sufficient number of men to meet the requirements of the service.

"I would be in favor of cutting off the provision for a three year service as reserves," he said. "That is what prevents enlistments. The term is now for four years with the colors and three years as reserves. Men object to trying themselves up for seven years although they might enlist for four years. That is the navy and marine corps period."

## How He Felt.

A few days after the tariff bill had passed the house Chairman Underwood remarked that he felt like a boy who had been in a long fight and had been beaten up a great deal.

"I am tired and sore with the long contest," he said, "and would not want to go through another." The house was in session from 11 o'clock in the morning till 11 o'clock each night and Underwood was on the job most of the time.

## "Picking at Items."

Champ Clark did not think very much of the tariff debate in the house. "It was mostly picking at items," said the speaker. "Not really such tariff arguments as we had four years ago." It should also be remembered that there was less opportunity to amend the bill on account of the large Democratic majority.

## Swarms of Bees.

A swarm of bees contains from 10,000 to 20,000 in a natural state; in a hive, from 30,000 to 40,000 bees.

## SAMUEL GOMPERS.

Will Appeal His Case  
to the Supreme Court.

## GOMPERS SECURES A STAY

Supreme Court to Pass on Sentence  
to Prison for Contempt.

Washington, May 23.—The mandate of the District court of appeals that Samuel Gompers should be imprisoned for thirty days and that John Mitchell and Frank Morrison should be fined \$500 each for their contempt of court in the noted Buck stove and range case has been stayed to permit attorneys for the labor leaders to appeal to the supreme court.

PITMAN SUPPLIED  
DYNAMITE TO PLANTQuarry Owner Testifies in Trial  
at Boston.

Boston, May 23.—Ernest W. Pitman supplied the dynamite that was "planted" in Lawrence during the textile strike, according to evidence introduced by the state.

The suicide of Pitman the morning that he was to have appeared as a witness before the grand jury investigating the alleged conspiracy to discredit the strikers created a sensation at the time. As a building contractor he erected the Wood mill at Lawrence, owned by the American Woolen company, of which William M. Wood is president. Rumors that he had knowledge of the dynamite plot were met with assertions by his intimates that Pitman had been driven to take his life by business worries.

When John J. Breen, who has confessed to actually "planting" the dynamite, had concluded his testimony at the trial of William M. Wood, Frederick E. Atteaux and Dennis J. Collins, the alleged conspirators, the prosecution called William H. Rice, a quarry owner of Milton.

Rice testified that Pitman asked for a quantity of dynamite for a construction job, that he got it from his quarry and accompanied Pitman to Boston, where he saw Pitman deliver it to Breen.

## TRAINMEN OFFICERS REPORT

Nearly \$5,000,000 in Death and  
Disability Claims Paid.

San Francisco, May 23.—The entire session of the biennial convention of the Brotherhood of Railway Trainmen was devoted to the reading of reports and the approval of the financial condition of the organization.

The report of the general secretary and treasurer showed that more than \$8,000,000 had been expended by the brotherhood in the last two years. In death and disability claims during 1911 and 1912 nearly \$5,000,000 was expended.

## GROCERS ELECT OFFICERS

Milwaukee Man Succeeds John W.  
Lux of St. Paul as President.

St. Louis, May 23.—Henry W. Schwab of Milwaukee was elected president of the National Association of Retail Grocers to succeed John W. Lux of St. Paul. Others officers chosen were: Vice president, F. B. Connolly, San Francisco; treasurer, George B. Suhr, New York; secretary, John A. Green, Cleveland; trustee, W. A. Ashlles, Austin, Tex.

Louisville won the fight for the next meeting place.

## RECREATION HOUR IN PRISON

Joliet Warden Believes It Will  
Decrease High Death Rate.

Joliet, Ill., May 23.—Warden Edmund Allen has introduced an innovation in the handling of convicts in the penitentiary here by instituting a daily hour of recreation for all prisoners. Groups of about sixty men will be allowed the courtyard at a time. This is done in the belief that the light and air will decrease the present high death rate from consumption.

URGE HOUSE AND  
SENATE CAUCUS

## WILL EVADE DIRECT VOTE

How Congress Will Defeat Suffrage  
Amendment.

Washington, May 23.—The first vote in the house of representatives on the proposed amendment to the Constitution in behalf of equal suffrage will not show the real opposition in congress to votes for women, according to Representative Bowdle of Ohio.

"Instead of meeting the issue fairly and squarely," says Mr. Bowdle, "a number of members who are unalterably opposed to votes for women will evade the question by voting to have equal suffrage made a local issue to be settled by the voters of each state. This expedient will enable members of congress to defeat the proposed amendment, yet avoid going on record against the suffrage question."

## Falls Eighteen Floors.

Chicago, May 23.—Losing his footing while placing a stone on the eighteenth floor of a downtown office building James Hamilton, a workman, pitched headlong over the edge and, in view of hundreds of people who were passing, was dashed to death. The body struck the sidewalk within a few feet of passersby.

## BEAR KILLS AND EATS GIRL

Part of Body of Missing California  
Young Woman Found.

Truckee, Cal., May 23.—After a week's search the body of Miss Vinnie Colt, a girl of eighteen, was found in a ravine in the Sierra Nevada, twenty miles from Truckee.

She had been killed and partly devoured by a bear.

## Erie Prepares for Strike.

New York, May 23.—The Erie railroad is preparing for a strike of some of its telegraph operators and has obtained between 200 and 300 hundred men to fill the expected vacancies.

## CUTS COST OF LIVING.

St. Joseph, Mo., May 23.—With the intention of reducing the cost of living here this city leased a municipal market house, recently erected at a cost of \$75,000, to Hugh J. Bowen, a local resident, who is to pay \$1 for eleven months' tenancy of the building. In consideration for the small rental Bowen agreed to reduce the cost of foodstuffs, especially produce, to the people of St. Joseph.

## A Woman's "No."

"What's the matter?"  
"She has rejected me again. She says this is final."  
"Did she say how final?" inquired the older and more experienced man.—Washington Herald.

## COMPLETING PLANS FOR THE FOURTH

Executive Committee Had an Enthusiastic and Well Attended Meeting Thursday Evening

### FIREWORKS TO BE ORDERED

Parade at 9 A. M., Followed by Speaking, Day Fireworks, Sports, Ball Game, Fireworks

The executive committee having in charge the arrangements for the Fourth of July celebration in Brainerd met at eight o'clock Thursday evening at the water and light board offices. There were present C. O. Sundberg, N. J. Kauffman, J. M. Taylor, B. C. McNamara, John Anderson, G. J. Brown, Wm. Nelson, F. H. Grant, J. S. Robertson and T. H. Conside.

The minutes were read and approved as read. The following amounts were reported by the different committees as needed in order to make the celebration a success:

Printing	\$ 30.00
Day fireworks	100.00
Night fireworks	550.00
Band 24 pieces	130.00
Sports	150.00
Parade prizes	15.00
Street decorations	15.00
Miscellaneous	25.00

Total \$1,015.00

The day and night fireworks are to be bought from the Paine Fireworks Co., according to programs submitted.

The committee on music reported that the Brainerd City band could be engaged at \$5 per man and double pay for the manager and leader and that a free concert would be given on the Fourth at any place designated by the committee.

On motion it was decided to engage the band of 24 pieces.

The sports committee made a report and suggested the following events: C. A. Wood open air performance, greased pig race, quarter mile free for all race, three legged race, 100 yard dash, running high jump, pole vault, tug of war—married vs single men, threading needle race, boys' race, 12 to 15, 50 yards, girls race the same, potato race for boys, running broad jump. The program was accepted and the committee was authorized to allow \$150 for prizes.

The Modern Woodmen of America donated \$5 and the Brotherhood of American Yeomen contributed \$10, which were received and turned over to the treasurer.

The program for the day has been outlined as follows:

Parade at 9 A. M. from Kindred street.

Speaking after the parade, on Front street.

Day fireworks on Front street.

Ball game at 3:30 at ball park.

Fireworks at 8:30 P. M., ball park.

On motion, the secretary was instructed to write the following corporations for donations, the Northern Pacific railway, the Minnesota and International railway and the Parker & Topping foundry company.

The matter of proper badges for the different committees was left with the poster committee.

The next meeting of the executive committee will be held Sunday afternoon, May 25 at one o'clock at the water and light board offices.

In the end you will come to Hindipio Tablets. Why not take them at first. They cure all kidney ailments. Sold at Johnson's pharmacy.—Adv.

## CROSBY HERE SUNDAY

Range Town, With New Line up, Will Play Game of Baseball With Brainerd Sunday

Crosby has begged so persistently for a return game that Brainerd has complied with the request and the game will take place Sunday afternoon at the Keoring grounds.

Since Crosby's recent victory over a Cuyuna-Brainerd, etc., nine, the score being 9 to 0, the range town has grown so chesty as to imagine it can wipe the regular Brainerd team off the baseball map.

A new pitcher, Siebenthal, mining engineer at the Thompson Inland Steel Co. mine, has been carefully groomed for the event. A catcher has been secured, it is said, from the Wisconsin State league. The infield and the outer garden have been strengthened. There has been continual batting and fielding practice and Crosby will put up the game of its career next Sunday. Citizens of Crosby are donating money to support the team and at a recent benefit performance at the Empress theatre there, the money rolled in so heavy that Ray Warren had to hire a dray to haul it away and save the foundation of the box office from caving in. Should Crosby win, a safety valve will have to be attached to their bump of egotism to prevent a premature explosion.

## BACCALAUREATE SERVICES SUNDAY

Graduates of the Brainerd High School to Attend the First Congregational Church

### ON SUNDAY EVENING, MAY 25

Special Music to be Rendered by Sextette and by the High School Double Quartet

The baccalaureate services of the Brainerd high school graduating class of approximately fifty will be held at the First Congregational church on Sunday evening, May 25. G. P. Sheridan, the pastor, will take as his theme, "An Interview With Life."

The class of 1913 has the distinction of being the largest class of graduates in the history of the school. Every effort is being made to make these services of great inspiration.

The music for the services includes the anthem, "Exalt His Name" by E. K. Heyser; response, vesper, gloria and hymns by the sextette, Mrs. G. D. LaBar, Mrs. J. M. Elder, Mrs. C. A. Allbright, Mrs. C. W. Hoffman, John Bye and R. Crust.

The anthem, "Build These More Stately Mansions" and "Largo Arranged From Handel" will be sung by the high school double quartet, Miss Eliza Armstrong carrying the solo.

The services commence at eight o'clock. The graduates will have seats reserved for them, the chapel being opened to accommodate the congregation.

### Card of Thanks

We wish to extend our heartfelt thanks to the many kind friends and neighbors, who so kindly assisted us through the sickness and death of our beloved daughter and sister, also for the beautiful floral offerings, together with the I. ## BARNUM & BAILEY CIRCUS IS COMING

N. J. Petit, Advance Agent, Makes Arrangements for Appearance of the Big Show

### TO BE HERE FRIDAY, JULY 25TH

Eighty Car Circus—One Performance in Afternoon on O'Brien Forty East of City

The Barnum & Bailey circus, the biggest in the United States and using 80 cars to transport the show, will make Brainerd on Friday, July 25 and expects to show on the forty acre tract of land of Con O'Brien situated east of the city and near the Dodd farm.

N. J. Petit, the advance agent of the show, was in the city yesterday completing arrangements for the appearance of the big circus, paying the license fee of \$50. He said but one performance would be given and that to be in the afternoon.

There will be the big parade which will in itself be an entire show. It has been almost a quarter of a century since Barnum & Bailey showed here. There is no need to state that the entire county of Crow Wing and people from many adjoining counties will walk, ride or drive for Brainerd on July 25.

### DIED IN CANADA

Mrs. Fred Kerr, Old Resident of Brainerd, Passed Away at the Age of 69 Years

Mrs. Fred Kerr, aged 69, for many years a resident of Brainerd, passed away Tuesday at her home in Canuck, Saskatchewan, Canada, death resulting from strangulated hernia. The remains arrived in Brainerd on the noon train and were accompanied by her husband.

She is survived by her husband and six children, these being Mrs. Seymour Clark of Chase, B. C.; Paul W. Gardner of Eugene, Ore.; Mrs. Chas. Ott and Mrs. W. L. Jack of Crow Wing; Mrs. John Larson of Libby, Mont.; George Kerr of Canuck, Canada.

Mrs. Kerr had lived in Brainerd thirty years. She left last spring with her husband and family for Canada where they took up a home-stead.

The funeral will be held Saturday afternoon at 2:30 from the Presbyterian church, the Rev. W. J. Lowrie officiating.

### "THE PATRIOT'S MEMORIAL"

Rev. Elbert E. Satterlee Will Hold Memorial Services at Methodist Church Sunday

Rev. Elbert E. Satterlee, of the Methodist church, will hold Memorial services at the church Sunday morning and the address to be delivered will be entitled, "The Patriot's Memorial." Pap Thomas G. A. R. post and the W. R. C. will attend in a body. The choir will render two special selections.

Rev. Satterlee who has won fame as a lecturer, has delivered this address before many societies and the comment of the press in regard to the same is very flattering.

The Fairmont Daily Sentinel says: "The address, 'The Patriot's Memorial,' by Rev. Elbert E. Satterlee was one of the best efforts ever heard in Fairmont; burning with patriotic fire, tender with pathos and teeming with lofty ideals."

The Fairmont News says: "It was a masterly effort, full of patriotism and treating of some of the problems still to be solved by the people of this country, which demand the high patriotism exemplified in the sacrifices made by the soldiers of the civil war."

The Winnebago Enterprise says: "It was an enthusiastic appeal to the fair-minded people of this republic to keep the spirit of patriotism and perform the duties devolving upon them as heirs of the liberties conserved by the valor and heroism of the patriotic soldiers of the nation. The lecture was interspersed with wit and humor and at no time did it drag in the least."

They are a splendid remedy for rheumatism, clearing the uric acid from the joints and system. Try them. H. P. Dunn, druggist.—Adv.

### PLANS MARKET DAY

J. R. W. Hennessey, Representing Max Zimmerman, in City Preparing for Market Day

J. R. W. Hennessey of St. Paul, representing Max Zimmerman of St. Paul, the well known auctioneer of the Midway stables, is in the city stirring up interest in a market day which Mr. Zimmerman proposes holding in Brainerd on Saturday, May 31.

Mr. Zimmerman is expected on the afternoon train today and will also give his personal attention to having the project started. Mr. Hennessey has shown letters addressed to Max Zimmerman by citizens from various towns of the Northwest commending him for his energy and success in instituting these booster market days.

Newspaper clippings show that Mr. Zimmerman has been successful. A clipping from the Roseburg, Oregon paper states that Roseburg's first "Market Day" held under the direction of Max Zimmerman, drew a large crowd of visitors from all points radiating from the city.

One of the day was the parade, made up of the Roseburg band and a long string of fine horses, some driven and others led. After the parade broke, the band played in front of the "Booster" business houses, preceded in each instance by a "spiel" from the incomparable Zimmerman, whose style of oratory, while short on polish, is several miles long in effectiveness. The auction sale of horses was the concluding event of the day. It was attended by practically every visitor in the city, and when it was over everyone departed satisfied.

A man living at Auburn, New York had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." His name is J. A. Farmer. H. P. Dunn, druggist.—Adv.

## PRES. PENNINGTON VISITS THE RANGE

Head of the Soo Line Inspects Mines Whose Ore the Railway is Now Hauling to Docks

### KEATING ADDITION ON MARKET

O. W. Johnson, Soo Ore Traffic Manager, Speaks of Shipments Made

Crosby, Minn., May 22.—President Pennington, of the Soo Line, visited Crosby and the mines on Wednesday morning and remained on the range until the afternoon, when his special went on to Thief River Falls. In company with George H. Crosby, President Pennington visited the Pennington pit mine where remarkable progress is being made with the steam shovels and the ore has almost been reached.

O. W. Johnson, Soo ore traffic manager, was on the range Wednesday and in an interview at Deerwood Mr. Johnson stated the Soo was now handling 2,000 tons a day hoisted by the Rogers, Brown Ore Co. properties. Steam shovels would soon be at work burrowing into the stock piles. Mr. Johnson has charge of ore shipments on the Cuyuna and the Gogebic range of Michigan.

The Keating Land company has placed on the market its new addition of eighty acres with Charles S. Roulo as sales agent. The addition contains land particularly adapted for building sites of any character and the subdivision will serve as a connecting link between Crosby and Ironton. Nearly all the lots have a forty foot frontage and are 125 feet deep. There is good drainage. The first day of the sale witnessed many lots sold.

Crosby is practicing day and night for the coming game with Brainerd on June 22. They have selected as a pitcher, it is said, a former league man and he is being treated as tenderly and groomed as carefully as a race horse for the Derby.

The country place of George H. Crosby has been much improved through the efforts of the superintendent of his grounds, W. G. Anderson. He has leveled off the ground near the flag staff and produced a gently sloping lawn. Out in the fields twenty-two acres will be set out in Burbank potatoes. Mr. Crosby has generously offered potatoes for seed to all who may wish to plant them in the town and by so doing will cut down the high cost of living and will eliminate waste land of vacant lots.

P. H. Nelson, superintendent of the Pittsburgh Steel Ore Co., has gone to Pittsburgh on a business trip.

Harvey Rice is billed to wrestle Jim Larkin, of Minneapolis, the champion welterweight of the north-west.

Excavations have been commenced for the two brick buildings to be erected by Stein & O'Rourke and J. B. Haskell on Main street.

The physical geography and geology classes of the high school recently visited the underground workings of the Armour No. 1 and No. 2 mines. Capt. William Treloar and A. K. Friedrich piloted them about the mines.

Mrs. Thomas Vogan entertained in honor of Mrs. Edith Jeffery last week. "500" was played, Mrs. W. H. Froelich winning the first prize and Mrs. Charles S. Roulo the consolation.

The annual banquet of the Friday Study club was held at the home of Mr. and Mrs. B. B. Gaylord. Covers were laid for twenty-four. A business session of the club was held in the afternoon at which time the future course of study of the club was mapped out.

Foley Kidney Pills repay your confidence in their healing and curative qualities. Any kidney or bladder disease not beyond the reach of medicine will yield to their use. Mrs. Cordelia Copeland, Ardeola, Mo., says, "I had kidney and bladder trouble for over a year and 5 bottles of Foley Kidney Pills cured me." It is the same story from every one who uses them. Ah say, "they cured me." H. P. Dunn, druggist.—Adv. mwf

Excites Curiosity.  
The better kind of a front we put up the more people want to know what is behind it.—Puck.

### "Oh! Oh! THAT ITCHING!" STOPPED INSTANTLY

Try ZEMO; Skin Troubles Vanish Buy a 25c Bottle Today and Prove It Glory! A remedy for skin troubles that makes everybody smile and say, "Hooraay!" If you have that terrible fiery, unreachable itching, scorching, raw eczema, prickly heat, rash, tetter, irritated or inflamed skin, blotches, pimples or blackheads, you will marvel at the results of ZEMO.

ZEMO is a clean, antiseptic solution, not a grease or ointment. Itching vanishes at the first application. This is absolutely guaranteed or money refunded. Use it on the baby, too, it gives immediate relief in all skin troubles. Dandruff and scalp itching vanish.

"Suffered 23 years with eczema. Finally tried ZEMO. It cured me sound and well. That was 15 years ago. Zemo is a blessing." Mrs. S. Eason, Hope, Ark.

ZEMO is sold in 25c sealed bottles and guaranteed in Brainerd by Johnson's Pharmacy.—Adv.

## SOFT DRINKS FOR DIPLOMATS

Unfermented Beverages the Rule at Washington of Late.

William J. Bryan, secretary of state, is adhering to his lifelong role of tabling all strong drinks. He gave a dinner to the diplomatic corps at Washington recently and served unfermented juices instead of wines. The red color was in the glass, but the alcohol was not there.

The diplomats tasted and then looked amazed.

Mr. Bryan has always been a temperate and a temperance man. He does not drink intoxicating liquors and does not believe in serving them to others.

Unfermented juices and beverages are the rule in the Democratic administration. At the dinner given by Representative Robert N. Page of North Carolina to Walter H. Page, ambassador to England, a nonalcoholic punch which Mrs. Robert N. Page recommended was served instead of wine.

Other dinners given by cabinet members have been served without champagne or other wines.

### Leprosy.

Sir George Turner is reported to have said that, though leprosy is usually spread by contagion, most lepers are not nearly so dangerous to the public as a person suffering from consumption.
